TESTIMONIALS

My husband loves cars. For his birthday, we went to dinner in a '57 Chevy Limousine. He was beaming the whole evening!

We have used your service several times in the past to and from the airport. We have recommended you to our friends, and will use your service in the future..

I used the limousine party bus from this company and it was fantastic! Although a little pricey, I was able to get a little discount since I was having a Friday/winter wedding. The limo bus was so amazing inside. It did not have typical rows of bus seating all facing the front, but rather limousine style seating with everyone sitting across from each other. It came with 2 built in coolers for beverages, and they included a case of beer and pop/water. The bus also has an iPod dock and 2 flat screen TVs!! Seriously, it has everything.

Our driver was also absolutely awesome! He went above and beyond the duties of a bus driver, multiple times he was lifting the train of my dress for me while I got in/out of the bus. He held the church doors for me and my Dad when we were making our entrance. He was great at getting us to all the downtown Chicago locations we needed to get to for pictures. I can't say enough about the driver from Absolute Dream Limousines!

Absolute Dream Limousines provided a vintage bright gold Cadillac limo for our daughter's wedding last weekend. It transported my wife and I and the bride from our home to the church, and then took the newlyweds to the reception after the ceremony. It was a lovely old car, completely refurbished, and added a fun touch to the afternoon. The driver was courteous, friendly, ON TIME, and was familiar with the routes he needed to take. The ride was smooth and quiet. Based on our experience we would enthusiastically recommend this vendor to people looking for a unique type of wedding (or other) transportation.

Absolutely amazing! Big T is the MAN! I would recommend Absolute Dream Limousines to anyone and everyone! Such a great experience! Request Big T as your driver he was amazing!

Absolute Limo did a GREAT job providing the trolley service for our wedding. What made it especially helpful was that our driver Tony was very knowledgeable of Chicago and had great information regarding the NATO summit. Our photographs went off without a hitch. Thanks!

We used Absolute Dream Limousines for our bachelorette party service, and for your wedding. They were great to work with!!!!

TESTIMONIALS

Dan rocks. Truly a great experience and very professional. And the limos were CLEAN and stocked!

We could not have found a better transportation solution! The bride traveled in an immaculate vintage auto: 1941 Cadillac. What a classic!! In the middle of July, the air conditioning was perfect! Before the event, the company was a pleasure with which to deal, and there are so many little things to plan with a wedding. Their professionalism was impressive. One easy arrangement is so welcome. The day of, our driver could not have been a nicer man!! There were issues here at the house and the driver was patient and kind and courteous and helped every one to catch their collective breaths and carry on! Too bad I have only one daughter, I cannot use this service again. I would recommend Absolute Dreams Limousine to everyone!

We recently used Absolute Dream for our wedding in July. We went with the Stretch Hummer limo. Dan was easy to get a hold of and responded to our questions right away. He even helped us get an additional town car for the end of our reception, at last minute notice. The day of the wedding, the limo was right on time and was helpful with all my belongings as well as my bridesmaids. At the end of our ceremony it was literally a monsoon going on. The drivers did not hesitate to stand in the rain getting completely soaked to hold umbrellas for the bridal party and assist with getting in the limo. By the time we got to the reception hall the rain had stopped and we had all arrived dry and ready to begin with the help of absolute dream. Without a doubt, I would highly recommend Absolute Limo to anyone looking for great professional service on their wedding day.

Absolute Dream was a great company to work with when planning my wedding! I called early to make sure that I got the limo we wanted - and we ended up with the Hummer limo! The limo was clean and decorated to match our wedding! Big T was an unbelievable driver! He went above and beyond the call of duty! He was extremely respectful and professional, and did more than would have ever been expected. Our wedding day was at least 90 degrees, and he handed out water to my parents and the bridal party. Once at the church, he even helped my mom to pin the boutineers on the guys! While taking pictures outside, he left the limo running so that we had cool air conditioning to return to, which we were so thankful for! Big T did everything possible to ensure that we had a great day, and we are so thankful that we chose Absolute Dream for our limo! I think this is often the service that is looked over, but the company you choose can make such a huge difference!

They did a great job! Our party bus driver was fantastic! He had a red carpet and champagne toast when we came out of the Church!

Amazing! Dan was so incredible from the first time we booked our event up until the end. He provided exceptional service. It was so hot the day of our wedding and he had asked a few of our guests if they needed water and made sure everything was okay. NO DOUBTS when I need a limo or transportation they would be the first ones I will call. My husband was amazed at the service they had provided. Even when it poured outside and our photographer wasn't so pleasant about using her camera he had given some advice which was unexpected and very welcoming. We also rented the 1935 Plymouth and our guests were still talking about the car at the reception. Great addition to any event. Thanks again! Pick them you won't be disappointed!
